SPECIFICATIONS

PROJECT OVERVIEW:
Boulder County is seeking a qualified Consultant team to provide architectural and engineering analysis, planning and design, including surveying, plan preparation, construction management services, compost process engineering and other related services for a proposed Class II compost processing facility. The County is also welcoming bidders to include an optional design/build proposal.

BACKGROUND/HISTORY:
As recommended from the Resource Conservation Advisory Board Infrastructure and Sustainability Tax Committees, compost processing is a top priority for zero waste infrastructure needs as identified with the sustainability tax prioritization. This project supports the Commissioners’ Climate Action strategic priority, the Zero Waste Action Plan, the Environmental Sustainability Plan, the Sustainable Materials Management Element of the Comprehensive Plan, as well as Resolution 2005-138 to be Zero Waste or darn near by 2025. This compost facility will have the capacity to capture 20 to 30 percent of compostable materials in the county, which would increase overall county diversion by an additional 5 to 10 percent. The facility will also be designed to provide high-quality, low-cost compost to Boulder County farmers and municipalities engaging in carbon sequestration, thereby creating a national model for enhancing carbon sequestration.

The proposed facility is to be located on a 40-acre County-owned property comprised of three parcels and formerly occupied by a commercial tree nursery. The site currently includes a frontage road access with traffic gates, an existing single-story wood-framed building (approx. 3,200 s.f.), a few damaged hoop-style greenhouse, and other misc. items and utilities. END OF SCOPE OF WORK SECTION
APPENDIX A

PROPOSED SPECIFICATIONS FOR COMPOST PROCESSING FACILITY

- Covered aerated static pile (CASP) composting is the preferred technology due to its high level of environmental control, better performance, and greater acceptability by the public. These systems employ aeration with a compost cap or geomembrane, and may be operated in a positive, negative or reversing aeration mode. This technology has been shown to achieve over 60% reduction in GHG emissions, with some facilities demonstrating reductions over 90%. CASP composting would require a concrete pad, push wall, wood grinder, and related structures and equipment. All CASP technologies achieve an approximate 60% reduction in volatile organic compound emissions and a 60% reduction in ammonia emissions when compared to traditional windrow composting. California’s most stringent air district central valley recognizes CASP composting as a best available technology. These systems can be mobile, pipe-on-grade composting systems or as structured as concrete bunkers with below-grade aeration. Below grade aeration is ideal. The system could also be a radial system (see next bullet). This option includes a scale house, shredder, trommel, wheeled loader, scales and litter fence.

- Radial Aerated Static Pile (RASP) technology may also be an appropriate option for this facility and the county welcomes bids with RASP system options. The RASP fits on a significantly smaller footprint which results in smaller leachate ponds and reduced pavement or concrete surfaces.

- Tipping pad with two-sided building: 28,500 to 38,500 square feet (sf)
- Building: 4,000 sf, plus 150 sf for scale house and restroom
- Site work area: 73,500 to 83,500sf
- Proposed hours of operation: 7am to 6pm, M-F, with Saturdays optional
- Aerated composting typically requires only 2 acres to process 100 tons per day. Pile sizes are typically 10’x26’x90’. Total retention time is 56 days. For 50,000 tons per year operation 12 of these piles are predicted for the site. The site will also hold a curing stage.

- Tons per year: 50,000
- Tons per day: 150 - 250
- Overall estimated site size required: 10 – 15 acres
- Access (assumes former Rainbow Nursery site): Access to the facility is off U.S. 287. Collection trucks would turn directly from US. 287 into the property from the south or use the middle turn lane to turn into the property from the north.
- Utilities: The site has electric and water/sewer utilities. Propane may be supplied to the on-site buildings via on-site aboveground storage tanks if needed.
- Estimated Labor: 5 FTEs including sorters, equipment operators, scale house/clerical, supervisor, and operations manager. Some positions are hourly and would not be needed for a full 40 hours per week hence more positions than FTE count.
- Estimated Transportation: For a 50,000 TPY facility the site would see approximately 50 – 100 vehicles per day.

### Contract Notes

Additional information not included above
This contract ("contract") is entered into by and between the Board of county commissioners on behalf of the county of Boulder, State of Colorado, a body corporate and politic, for the benefit of the [department] ("county") and [supplier] ("contractor"). County and contractor are each a “party,” and collectively the “parties.”

In consideration of the mutual covenants contained in this contract, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Incorporation into contract: The details summary is incorporated into this contract. The contract documents are incorporated into this contract by reference, except to the extent that the proposal, if any is incorporated, contains any obligations placed upon county and not otherwise contained in this contract.

2. Work to be performed: Contractor will provide all labor and equipment and do all tasks necessary and incidental to performing the work as described in the details summary and contract documents (the “work”). Contractor will perform the work (a) in a good and workmanlike manner, (b) at its own cost and expense, (c) in accordance with recognized industry standards of care, skill and diligence for the type of work being performed, and (d) in strict accordance with the contract.

3. Term of contract: The contract term begins on the start date and expires on the expiration date, unless terminated sooner. All the work must be performed during the contract term.

4. Payment for work performed: In consideration of the work performed by contractor, and subject to conditions contained in this contract, county will pay an amount not to exceed the contract amount to contractor in accordance with the contract documents.

5. Invoicing: Contractor will promptly provide a copy of its form W-9 and invoice template to county upon request. Contractor must submit an invoice to the county by the fifteenth (15th) day of the month for completion of any work performed in the prior calendar month. All invoices submitted require the following components: Contractor’s name and address (submitted W-9 address must match remit address), detailed description of services, dates of services, itemization of labor and materials costs, “Bill to: Boulder County” language, payment remittance address, payer, name and address, date of invoice, unique invoice number, and total amount due. Contractor must send all completed invoices to the invoice contact in the details summary. County may require delivery of invoices by email. Failure to submit invoices in a timely manner and in accordance with the terms of this contract may cause a delay in payment. County may recoup any damages incurred because of Contractor’s failure to submit invoices pursuant to the terms of this paragraph. County’s acceptance or payment of an invoice will not constitute acceptance of any work performed under this contract.

6. Extra time to complete the work (additional time only): If contractor cannot complete the work by the expiration date, contractor may request extra time to complete the work. County, in its sole discretion, may grant contractor additional time to complete the work by sending a written notice of extension to contractor. An extension of time to complete the work does not entitle contractor to additional compensation from county.
7. **Extension of Contract Term (Additional Time and Work):** Upon mutual agreement of the Parties, this Contract may be extended until the **Final End Date**. During any extended **Contract Term**, the terms of this Contract will remain in full force and effect, unless otherwise amended in writing by the Parties. Where the Contractor will provide additional services for additional compensation beyond the initial **Contract Amount**, the Parties must execute a written amendment before the then-current **Expiration Date**. If necessary, the written amendment will incorporate an updated Scope of Work and updated Fee Schedule as exhibits. Contractor must provide a current Certificate of Insurance to the County that complies with the **Insurance Requirements** of this Contract, if any, prior to any extended **Contract Term**.

8. **Schedule of Work:** County may designate the hours (on a daily or weekly basis) during which Contractor may perform the Work, strictly for the purposes of minimizing inconvenience to the County and interference with County operations. Contractor will otherwise set its own work schedule.

9. **Indemnity:** Contractor will be liable for any damages to persons or property caused by or arising out of the actions, obligations, or omissions of Contractor, its employees, agents, representatives or other persons acting under Contractor's direction or control in performing or failing to perform the Work under this Contract. Contractor will indemnify and hold harmless County, its elected officials and appointed department heads, and its employees, agents and representatives (the "indemnified parties"), from any and all liability, claims, demands, actions, damages, losses, judgments, costs or expenses, including attorneys’ fees, which may be made or brought or which may result against any of the indemnified parties as a result or on account of the actions or omissions of Contractor, its employees, agents or representatives, or other persons acting under Contractor’s direction or control. This indemnification obligation will extend to claims based on Contractor’s unauthorized use or disclosure of confidential information and intellectual property infringement. County will not be obligated to indemnify or defend Contractor under any circumstances. Contractor’s obligations under this provision shall survive expiration or termination of this Contract. Nothing contained in this Contract or the **Contract Documents** is intended to limit or restrict the indemnification rights or obligations of any Party under this provision, or damages available for breaches of the obligations herein.

10. **Nondiscrimination:** Contractor will comply with the Colorado Anti-Discrimination Act, C.R.S. § 24-34-401, et seq., as amended, and all applicable local, State and Federal laws concerning discrimination and unfair employment practices. County prohibits unlawful discrimination on the basis of race, color, religion, gender, gender identity, national origin, age 40 and over, disability, socio-economic status, sexual orientation, genetic information, or any other status protected by applicable Federal, State or local law. Contractor must require that its subcontractors, if any, similarly comply with all applicable laws concerning discrimination and unfair employment practices.

11. **Information and Reports:** Contractor will provide to authorized County, State, and Federal government representatives all information and reports that may be required for any purpose authorized by law. Contractor will permit access to such representatives to Contractor's facilities, books, records, accounts, and any other relevant sources of information. Where information required by a representative is in the exclusive possession of a person or entity other than Contractor, Contractor must so certify to the County and explain what efforts it has made to obtain the information.

12. **Independent Contractor:** Contractor is an independent contractor for all purposes in performing the Work. None of Contractor, its agents, personnel or subcontractors are employees
of the County for any purpose, including the Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the Colorado Workers’ Compensation Act, the Colorado Unemployment Insurance Act, and the Public Employees Retirement Association. Accordingly, County will not withhold or pay any income tax, payroll tax, or retirement contribution of any kind on behalf of Contractor or Contractor’s employees. As an independent contractor, Contractor is responsible for employing and directing such personnel and agents as it requires to perform the Work. Contractor will exercise complete authority over its personnel and agents and will be fully responsible for their actions.

13. Termination

a. Breach: Either Party’s failure to perform any of its material obligations under this Contract, in whole or in part or in a timely or satisfactory manner, will be a breach. The institution of proceedings under any bankruptcy, insolvency, reorganization or similar law, by or against Contractor, or the appointment of a receiver or similar officer for Contractor or any of its property, which is not vacated or fully stayed within thirty (30) days after the institution of such proceeding, will also constitute a breach. In the event of a breach, the non-breaching Party may provide written notice of the breach to the other Party. If the breaching Party does not cure the breach, at its sole expense, as reasonably determined by the non-breaching Party in its sole discretion, within thirty (30) days after delivery of notice, the non-breaching Party may exercise any of its remedies provided under this Contract or at law, including immediate termination of this Contract.

b. Non-Appropriation: The other provisions of this Contract notwithstanding, County is prohibited by law from making commitments beyond the current fiscal year. Payment to Contractor beyond the current fiscal year is contingent on the appropriation and continuing availability of funding in any subsequent year. County has reason to believe that sufficient funds will be available for the full Contract Term. Where, however, funds are not allocated for any fiscal period beyond the current fiscal year, County may terminate this Contract without penalty by providing seven (7) days’ written notice to Contractor.

c. Convenience: In addition to any other right to terminate under this Section 13, County may terminate this Contract, in whole or in part, for any or no reason, upon seven (7) days’ advance written notice to Contractor.

14. Contractor Obligations upon Termination or Expiration: By the Expiration Date or effective date of termination, if earlier, Contractor must (1) remove from County property all of its personnel, equipment, supplies, trash and any hazards created by Contractor, (2) protect any serviceable materials belonging to the County, and (3) take any other action necessary to leave a safe and healthful worksite. Any items remaining on County property after the Expiration Date or the effective date of termination, if earlier, will be deemed abandoned by Contractor.

15. Payable Costs in Event of Early Termination: If County terminates this Contract before the Expiration Date, Contractor’s payments (and any damages associated with any lawsuit brought by Contractor) are limited to only (1) payment for Work satisfactorily executed and fully and finally completed, as determined by County in its sole discretion, prior to delivery of the notice to terminate, and (2) the reasonable and actual costs Contractor incurred in connection with performing the Work prior to delivery of the notice to terminate. Contractor explicitly waives all claims it may have against the County for any other compensation, such as anticipatory profits or any other consequential, special, incidental, punitive or indirect damages.
16. **Remedies for Non-Performance**: If Contractor fails to perform any of its obligations under this Contract, County may, at its sole discretion, exercise one or more of the following remedies (in addition to any other remedies provided by law or in this Contract), which shall survive expiration or termination of this Contract:

a. **Suspend Performance**: County may require that Contractor suspend performance of all or any portion of the Work pending necessary corrective action specified by the County and without entitling Contractor to an increase in compensation or extension of the performance schedule. Contractor must promptly stop performance and incurring costs upon delivery of a notice of suspension by the County.

b. **Withhold Payment Pending Corrections**: County may permit Contractor to correct any rejected Work at the County’s discretion. Upon County’s request, Contractor must correct rejected work at Contractor’s sole expense within the time frame established by the County. Upon full and final completion of the corrections satisfactory to the County, County will remit payment to Contractor.

c. **Deny Payment**: County may deny payment for any Work that does not comply with the requirements of the Contract or that Contractor otherwise fails to provide or fully and finally complete, as determined by the County in its sole discretion. Upon County request, Contractor will promptly refund any amounts prepaid by the County with respect to such non-compliant Work.

d. **Removal**: Upon County’s request, Contractor will remove any of its employees or agents from performance of the Work, if County, in its sole discretion, deems any such person to be incompetent, careless, unsuitable, or otherwise unacceptable.

17. **Binding Arbitration Prohibited**: County does not agree to binding arbitration by any extra-judicial body or person.

18. **Conflicts of Interest**: Contractor may not engage in any business or personal activities or practices or maintain any relationships that conflict in any way with the full performance of Contractor’s obligations.

19. **Notices**: All notices provided under this Contract must be in writing and sent by Certified U.S. Mail (Return Receipt Requested), electronic mail, or hand-delivery to the other Party’s **Contact** at the address specified in the **Details Summary**. For certified mailings, notice periods will begin to run on the day after the postmarked date of mailing. For electronic mail or hand-delivery, notice periods will begin to run on the date of delivery.

20. **Statutory Requirements**: This Contract is subject to all statutory requirements that are or may become applicable to counties or political subdivisions of the State of Colorado generally, including but not limited to: C.R.S. § 38-26-107, which requires withholding funds where the County receives a claim for payment from a supplier or subcontractor of Contractor upon notice of final settlement (required for public works contracts that exceed $150,000); C.R.S. § 8-17-101 et seq.; C.R.S. § 18-8-301, et seq.; and C.R.S. § 18-8-401, et seq.

21. **Public Contracts for Services (C.R.S. §§ 8-17-5-101, et seq.):** Contractor hereby certifies, warrants, and agrees that it does not knowingly employ or contract with an illegal alien who will perform work under this Contract and further certifies that it will confirm the employment eligibility of all employees who are newly hired for employment to perform work under this Contract by
participating in the E-Verify Program established under Pub. L. 104-28 or the department verification program established under C.R.S. § 8-17.5-102(5)(c). Contractor (i) shall not knowingly employ or contract with an illegal alien to perform work under this Contract; (ii) shall not enter into a contract with a subcontractor that fails to certify to the contractor that the subcontractor shall not knowingly employ or contract with an illegal alien to perform work under this Contract; (iii) has confirmed the employment eligibility of all employees who are newly hired for employment to perform work under this Contract through participation in the E-Verify program or department program; (iv) is prohibited from using either the E-Verify program or department program procedures to undertake preemployment screening of job applicants while this Contract is being performed; and (v) shall comply with any reasonable request by the department made in the course of an investigation that the Colorado Department of Labor and Employment is undertaking pursuant to the authority established in C.R.S. § 8-17.5-102(5). If Contractor obtains actual knowledge that a subcontractor performing work under this Contract knowingly employs or contracts with an illegal alien, Contractor shall (a) notify the subcontractor and County within three (3) days that Contractor has actual knowledge that subcontractor is employing or contracting with an illegal alien; and (b) terminate the subcontract if, within three (3) days of receiving notice hereunder, subcontractor does not stop employing or contracting with the illegal alien; except that Contractor shall not terminate the contract with the subcontractor if during such three (3) days the subcontractor provides information to establish that the subcontractor has not knowingly employed or contracted with an illegal alien. Contractor’s violation of this provision will constitute a material breach of this Contract, entitling the County to terminate the contract for breach. If this Contract is so terminated, Contractor shall be liable for actual and consequential damages to the County.

22. Entire Agreement/Binding Effect/Amendments: This Contract represents the complete agreement between the Parties and is fully binding upon them and their successors, heirs, and assigns, if any. This Contract terminates any prior agreements, whether written or oral in whole or in part, between the Parties relating to the Work. This Contract may be amended only by a written agreement signed by both Parties.

23. Assignment/Subcontractors: This Contract may not be assigned or subcontracted by Contractor without the prior written consent of the County. If Contractor subcontracts any of its obligations under this Contract, Contractor will remain liable to the County for those obligations and will also be responsible for subcontractor’s performance under, and compliance with, this Contract.

24. Governing Law/Venue: The laws of the State of Colorado govern the construction, interpretation, performance, and enforcement of this Contract. Any claim relating to this Contract or breach thereof may only be brought exclusively in the Courts of the 20th Judicial District of the State of Colorado and the applicable Colorado Appellate Courts.

25. Breach: The failure of either Party to exercise any of its rights under this Contract will not be deemed to be a waiver of such rights or a waiver of any breach of the Contract. All remedies available to a Party in this Contract are cumulative and in addition to every other remedy provided by law.

26. Severability: If any provision of this Contract becomes inoperable for any reason but the fundamental terms and conditions continue to be legal and enforceable, then the remainder of the Contract will continue to be operative and binding on the Parties.
27. **Third-Party Beneficiary**: Enforcement of the terms and conditions and all rights and obligations of this Contract are reserved to the Parties. Any other person receiving services or benefits under this Contract is an incidental beneficiary only and has no rights under this Contract. Notwithstanding, where the beneficiary Department is led by an Elected Official, such Elected Official shall be considered a third-party beneficiary.

28. **Colorado Open Records Act**: County may disclose any records that are subject to public release under the Colorado Open Records Act, C.R.S. § 24-72-200.1, *et seq*.

29. **Conflict of Provisions**: If there is any conflict between the terms of the main body of this Contract and the terms of any of the **Contract Documents**, the terms of the main body of the Contract will control.

30. **Governmental Immunity**: Nothing in this Contract shall be construed in any way to be a waiver of the County’s immunity protection under the Colorado Governmental Immunity Act, C.R.S. § 24-10-101, *et seq*., as amended.

31. **Representations and Warranties**: Contractor represents and warrants the following:
   a. Execution of this Contract and performance thereof is within Contractor’s duly authorized powers;
   b. The individual executing this Contract is authorized to do so by Contractor;
   c. Contractor is authorized to do business in the State of Colorado and is properly licensed by all necessary governmental and public and quasi-public authorities having jurisdiction over the Work and the Contractor; and
   d. Contractor and its subcontractors, if any, are financially solvent, able to pay all debts as they mature, and have sufficient working capital to complete the Work and perform all obligations under the Contract.

32. **Legal Compliance**: Contractor assumes full responsibility for obtaining and maintaining any permits and licenses required to perform the Work. Contractor is solely responsible for ensuring that its performance under this Contract and the Work itself will comply with all Federal, State, and local laws, regulations, ordinances and codes. County approval of the Work or any aspect of Contractor’s performance, such as plans, designs, or other Contractor-drafted documents, shall not be interpreted to mean that Contractor has satisfied its obligations under this Section.

33. **Litigation Reporting**: Contractor is not currently involved in any action before a court or other administrative decision-making body that could affect Contractor’s ability to perform the Work. Contractor will promptly notify the County if Contractor is served with a pleading or other document in connection with any such action.

34. **Tax Exemption**: County is exempt from payment of Federal, State, and local government taxes. Contractor shall collect no tax from the County, and the County shall not be liable to pay any taxes imposed on Contractor. County shall provide its tax exemption status information to Contractor upon request.

35. **Delegation of Authority**: The Parties acknowledge that the Board of County Commissioners has delegated authority to the Department Head or Elected Official that leads the beneficiary Department and their designees to act on behalf of the County under the terms of this Contract, including but not limited to the authority to terminate this Contract.
36. **Ownership of Work Product:** All work product, property, data, documentation, information or materials conceived, discovered, developed or created by Contractor pursuant to this Contract ("Work Product") will be owned exclusively by the County. To the extent possible, any Work Product will be deemed to be a work made for hire. Contractor unconditionally and irrevocably transfers and assigns to the County all right, title and interest in and to any Work Product.

37. **Publicity Releases:** Contractor will not refer to this Contract or the County in commercial advertising without prior written consent of the County. This provision shall survive expiration or termination of this Contract.

38. **Execution by Counterparts; Electronic Signatures:** This Contract may be executed in multiple counterparts, each of which will be deemed an original, but all of which will constitute one agreement. The Parties approve the use of electronic signatures, governed by the Uniform Electronic Transactions Act, C.R.S. §§ 24 71.3 101 to 121. The Parties will not deny the legal effect or enforceability of this Contract solely because it is in electronic form or because an electronic record was used in its creation. The Parties will not object to the admissibility of this Contract in the form of electronic record, or paper copy of an electronic document, or paper copy of a document bearing an electronic signature, because it is not in its original form or is not an original.

39. **Limitation on Public Statements and Lobbying Activity.** During the term of this Contract, Contractor may receive from the County its confidential data, work product, or other privileged or confidential information that is protected by law. To maintain the fact and appearance of absolute objectively, Contractor shall not, without the prior written consent of the County, which shall not be unreasonably withheld, do any of the following: (a) disclose information obtained because of this contractual relationship to any third party; (b) lobby any State or Federal agency on any pending matter while this Contract is effective; or (c) make any public statements or appear at any time to give testimony at any public meeting on the subject matters regarding which Contractor is or was retained by the County. County may set reasonable conditions on any disclosure authorized by the County under this provision. Notwithstanding, Contractor may make disclosures as required by law, and to law enforcement officials in connection with any criminal justice investigation.

40. **Sustainability:** County encourages Contractor to consider the procurement and use of environmentally preferable products and services while performing services under this Contract. “Environmentally preferable purchasing” means making purchasing choices for products and services that have a lesser or reduced adverse effect on human health and the environment when compared with competing products and services that serve the same purpose. Environmentally preferable purchasing is consistent with the County’s commitment to protecting our air, water, soil, and climate for current and future generations. County encourages Contractor to incorporate the following actions into Contractor’s performance of the Work: environmentally preferable supplies and services; conservation of water; efficient energy use; waste prevention; reuse and recycle construction and de-construction materials in a manner that maximizes reuse of materials; sustainable transportation choices, including consideration to business communication software such as Skype alternative to air travel and public transit or carpooling for in-person meetings; pollution prevention; low toxicity for public health & safety; and reduced emissions to address climate change.

41. **Limitation of Liability:** COUNTY SHALL NOT BE LIABLE TO CONTRACTOR FOR ANY SPECIAL, CONSEQUENTIAL, INCIDENTAL, PUNITIVE, OR INDIRECT DAMAGES ARISING FROM OR RELATING TO THIS CONTRACT, REGARDLESS OF ANY NOTICE OF THE
POSSIBILITY OF SUCH DAMAGES. COUNTY’S AGGREGATE LIABILITY, IF ANY, ARISING FROM OR RELATED TO THIS CONTRACT, WHETHER IN CONTRACT, OR IN TORT, OR OTHERWISE, IS LIMITED TO, AND SHALL NOT EXCEED, THE AMOUNTS PAID OR PAYABLE HEREUNDER BY COUNTY TO CONTRACTOR. ANY CONTRACTUAL LANGUAGE LIMITING CONTRACTOR’S LIABILITY SHALL BE VOID.

42. Legal Interpretation. Each Party recognizes that this Contract is legally binding and acknowledges that it has had the opportunity to consult with legal counsel of its choice about this Contract. The rule of construction providing that any ambiguities are resolved against the drafting Party will not apply in interpreting the terms of this Contract.

43. No Suspension or Debarment: Contractor certifies, and warrants for the Contract Term, that neither it nor its principals nor any of its subcontractors are debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this Contract by any Federal or State department or agency. Contractor shall comply, and shall require its subcontractors to comply, with subpart C of 2 C.F.R. § 180.

44. Insurance: Prior to commencing the Work, Contractor will provide a Certificate of Insurance to the County demonstrating adequate insurance coverage as required by this Section. All policies evidencing coverage required by the Contract will be issued by insurance companies satisfactory to the County. Contractor will forward Certificates of Insurance directly to the County Department and Contact listed in the Details Summary.

a. Boulder County as Additional Insured: Boulder County shall be named as an additional insured for General Liability, Umbrella/Excess Liability, and Pollution Liability, as designated in this Contract. Additional insured shall be endorsed to the policy.

THE ADDITIONAL INSURED WORDING SHOULD BE AS FOLLOWS: County of Boulder, State of Colorado, a body corporate and politic, is named as Additional Insured.

b. Notice of Cancellation: Each insurance policy required by this Contract shall provide the required coverage and shall not be suspended, voided or canceled except after thirty (30) days' prior written notice has been given to the County except when cancellation is for non-payment of premium, then ten (10) days' prior notice may be given. If any insurance company refuses to provide the required notice, Contractor or its insurance broker shall notify the County any cancellation, suspension, or nonrenewal of any insurance policy within seven (7) days of receipt of insurers' notification to that effect.

c. Insurance Obligations of County: County is not required to maintain or procure any insurance coverage beyond the coverage maintained by the County in its standard course of business. Any insurance obligations placed on the County in any of the Contract Documents shall be null and void.
